Dear Ryan,

We were pleased that you could bring KidKars to the Buhl Fourth of July celebration again this year. Your organization provides a fun experience in driving the small gas powered cars.

It is our opinion that you run a safe operation that is a benefit to the event and look forward to working with you next year at Sagebrush Days.

I would highly recommend your operation to any chamber or city that is having an event that could use your services.

Best regards,

Ronald Potts
Executive Director
