Dear Ryan,

What a great attraction Kid's Kars was during our recent event, the Sweetwater County Fair - Wyoming's Big Show®! We had numerous positive comments about Kid's Kars and your overall operation. The kids, both young and old, and parents alike, enjoyed driving the cars and the price was very reasonable.

On a personal note, I was very pleased with the professional nature of you and your staff and the cleanliness of your display. It's always nice to have a well-run, clean, professional attraction. Additionally, you and your team members were polite, courteous and easy-going; I wish all the attractions at our fair were operated in the same fashion.

I highly recommend your operation to anyone looking for a great, family-friendly attraction. I hope we'll see you again next year.

Sincerely,

Chad M. Banks
